EXPLANATORY NOTES TO SHAREHOLDERS

Item 1 – Financial Report, Directors’ Report and Auditor’s Report

The *Corporations Act 2001* (Cth) (**‘Corporations Act’**) requires the financial report (which includes financial statements, notes to the financial statements and Directors’ declaration), the Directors’ report and the auditor’s report to be laid before the Annual General Meeting. The Company’s FY2024 Annual Report is available on Orica’s website at www.oraica.com/investor-centre/annual-report. The Constitution of Orica Limited (**‘Company’** or **‘Orica’**) provides for these reports to be received and considered at the Meeting.

There is no requirement either in the Corporations Act or the Constitution for shareholders to approve the financial report, the Directors’ report or the auditor’s report. Shareholders will, however, be given a reasonable opportunity to ask questions and make comments on these reports, and on the business, operations and management of Orica.

Shareholders as a whole will also be given a reasonable opportunity to ask questions of the Company’s auditor KPMG on the conduct of the audit, the preparation and content of the auditor’s report, the accounting policies adopted by the Company in relation to the preparation of the financial statements, and the independence of the auditor in relation to the conduct of the audit.

Item 2 – Re-election of Director

The ASX Listing Rules provide that a Director must not hold office (without re-election) past the third annual general meeting following the Director’s appointment or 3 years, whichever is longer. The Company’s Constitution contains a similar rule. Accordingly, Ms Denise Gibson is retiring and offering herself for re-election.

The Board has reviewed the performance of Ms Gibson and the Nominations Committee has considered the skills, knowledge, experience and diversity represented on the Board as a whole.

The Board considers that Ms Gibson, if re-elected, will be independent of executive management and free of any interest, position, association or relationship that might influence, or reasonably be perceived to influence, in a material respect her capacity to bring an independent judgment to bear on issues before the Board and to act in the best interests of Orica and its shareholders generally.

EXPLANATORY NOTES TO SHAREHOLDERS

The profile of the candidate is set out below.

Denise Gibson

BA (Business Administration), MBA (Management)

Denise Gibson was appointed as an independent Non-executive Director of Orica Limited on 1 January 2018. She is Chair of the Innovation and Technology Committee and a member of the People and Remuneration Committee and the Nominations Committee.

Ms Gibson is the Co-founder and Chairman of Ice Mobility, a Director of NASDAQ-listed VOXX International Corporation, a Director of the Consumer Technology Association and the Consumer Technology Association Foundation, both not-for-profit organisations. She is also Founder and former CEO of Brightstar US and a former director of Aerial Technologies Inc.

Ms Gibson is a seasoned Chief Executive, business leader and board member with over 30 years of experience in consumer electronics design, manufacturing, logistics and supply chain, combined with more recent experience in marketing, distribution and retail services, and extensive corporate experience at Motorola in senior executive management and marketing roles.

The Board has reviewed the performance of Ms Gibson and considers her strong track record in the technology sector and deep experience in technology product development enhances the Board's ability to oversee Orica's technology strategy and commercialisation of new products.

Ms Gibson is seeking re-election for a further three-year term.

For the reasons set out above, the Board (with Denise Gibson abstaining) recommends that shareholders vote in favour of the re-election of Ms Gibson.

Item 3 – Adoption of Remuneration Report

Shareholders as a whole will be given the opportunity to comment on and ask questions about the Remuneration Report, which is included in Orica's FY2024 Annual Report.

The 2024 Remuneration Report highlights:

- A governance framework that underpins remuneration decision-making
- The remuneration policy and structure adopted by the Board that encourages Orica's performance-based culture by making a significant proportion of total target remuneration 'at risk' against performance
- The strong link between Orica's performance and the level of reward
- The performance conditions that must be met for executives to derive value from the 'at risk' components of their remuneration, and
- The elements of remuneration of the Non-executive Directors, the Managing Director and those other executives required to be disclosed for the 2024 financial year.

The vote on this item is advisory only and will not bind the Directors or Orica. However, the Board takes into account feedback from our shareholders in relation to our remuneration strategy, including the discussion and vote on this resolution, when considering the future remuneration arrangements of the Company.

The Board recommends that shareholders vote in favour of this non-binding ordinary resolution.

EXPLANATORY NOTES TO SHAREHOLDERS

Item 4 – Grant of performance rights to the Managing Director and Chief Executive Officer under the Long-Term Incentive Plan (LTIP)

Under ASX Listing Rule 10.14, shareholder approval is required for a Director to be issued securities under an employee incentive scheme. Accordingly, shareholders are asked to approve the grant of performance rights (Rights) to the Managing Director and Chief Executive Officer (Managing Director), Mr Sanjeev Gandhi, under the FY2025 LTIP offer.

Orica's executive remuneration framework is designed to attract, motivate, reward and retain executives through a remuneration approach that is globally relevant, competitive and aligns with shareholder interests. The equity-based long-term incentive is a key element of this framework, ensuring alignment to shareholders by linking a substantial part of the Managing Director's annual remuneration package to the generation of satisfactory and sustainable returns for shareholders.

The Board believes that it is in the shareholders' interests to provide the Managing Director with an equity-based long-term incentive which links a substantial part of the Managing Director's remuneration package to the generation of long-term returns for shareholders. Consistent with the prior year, vesting under the LTIP is based on Orica's relative total shareholder return (rTSR), return on net assets (RONA) performance and the delivery of critical actions that will result in long-term sustainable returns for shareholders under a business sustainability metric. These three metrics provide a balance between securing Orica's future and continuing to drive sustainable productivity improvement and efficient capital allocation, which together will result in long-term shareholder value creation.

As the long-term incentive component of the Managing Director's remuneration takes the form of an annual grant of Rights under the LTIP, each grant is subject to shareholder approval. If shareholder approval is not obtained, the Board will consider alternative arrangements to appropriately remunerate and incentivise the Managing Director, including a cash-based incentive.

For the purposes of ASX Listing Rule 10.15, the key terms of the LTIP grant are set out below.

Date of grant	If shareholder approval is obtained, it is expected that the Rights will be granted within a reasonable period following the Annual General Meeting (and, in any event, will be granted within 12 months).
Form of grant	Orica grants Rights as they create share price alignment between executives and ordinary shareholders but do not provide executives with the full benefits of share ownership (such as dividend and voting rights) unless and until the Rights vest.
Number of Rights	<p>The face value of Mr Gandhi's long-term incentive grant is determined by reference to a percentage (maximum of 200%) of fixed annual remuneration (FAR), currently \$1,820,000.</p> <p>The actual number of Rights to be allocated will be determined by dividing Mr Gandhi's long-term incentive grant value by the volume weighted average price (VWAP) of Orica shares during the five trading days following the full-year results announcement for FY2024 rounded down to the nearest whole number of Rights.</p> <p>By way of example, if the VWAP of the Company's ordinary shares over this period is \$17.50, then Mr Gandhi would be granted 208,000 Rights.</p>

EXPLANATORY NOTES TO SHAREHOLDERS

Performance conditions (for vesting of Rights)

Relative total shareholder return

40 per cent of the Rights granted are subject to a relative total shareholder return ('rTSR' or 'relative TSR') performance hurdle.

Orica's TSR performance over the performance period will be measured against the performance of constituents within the ASX 100 index, defined at the start of the performance period (1 October 2024).

Vesting will occur according to the schedule below:

Relative TSR performance (against ASX 100)	Percentage of Rights vesting
Below median	Nil
At median	50% of Rights vest
Between median and 75th percentile	Straight line pro-rata vesting between 50% and 100%
At or above 75th percentile	100% of Rights vest

For example, TSR performance at the 60th percentile will result in 70 per cent of Rights vesting while TSR performance at the 65th percentile will result in 80 per cent of Rights vesting. No Rights will vest if Orica's TSR performance is below the median of the peer group.

The Board retains discretion to adjust the rTSR measurement to ensure LTIP participants are neither advantaged nor disadvantaged by certain events that may occur during the performance period (including but not limited to mergers or demergers, takeovers, de-listings or capital reconstructions) that may otherwise distort the rTSR outcome.

Performance conditions (for vesting of Rights)

continued

RONA

40 per cent of the Rights granted are subject to an average RONA performance hurdle.

Annual RONA is defined as annual EBIT/rolling 12-month net operating assets,

Where:

Annual EBIT = earnings from continuing operations before interest, tax and individually material items.

Rolling 12-month net operating assets = net property plant and equipment, intangibles, investments (non-current) in associates, trade working capital, non-trade working capital and environment provisions (added back).

To determine average RONA for the performance period, annual RONA is calculated for each of the years of the performance period, and then averaged.

The average RONA will be rounded to one decimal place with vesting, according to the schedule below:

RONA performance (3-year average)	Percentage of Rights vesting
Below 13.0%	Nil
At 13.0%	30% of Rights vest
Between 13.0% and 14.0%	Straight line pro-rata vesting between 30% and 60%
At 14.0%	60% of Rights vest
Between 14.0% and 15.0%	Straight line pro-rata vesting between 60% and 100%
At or above 15.0%	100% of Rights vest

EXPLANATORY NOTES TO SHAREHOLDERS

Performance conditions (for vesting of Rights)

continued

For example, average RONA of 13.5 per cent will result in 45 per cent of Rights vesting. Average RONA of 14.5 per cent will result in 80 per cent of Rights vesting. No Rights will vest should average RONA not equal or exceed 13.0 per cent over the three-year performance period.

The return range of 13.0 per cent to 15.0 per cent has been chosen as it reflects the Board's expectations based on Orica's corporate plan and long-term growth forecast considering the current industry and market cycle.

The Board retains discretion to adjust RONA to address one-off events and/or in exceptional circumstances to ensure LTIP participants are neither advantaged nor disadvantaged by individually material items that may otherwise distort the average RONA outcome against the targets set.

Business sustainability

20 per cent of the Rights granted are subject to performance against a business sustainability metric which for FY2025-27 will be focused on portfolio resilience and diversification.

Under this component of the LTIP, executives will be rewarded for the delivery of initiatives and outcomes that strengthen the resilience and sustainability of Orica's portfolio in alignment with our strategic plan, ensuring the longevity of our business and ongoing returns for shareholders. This includes:

- Increasing our exposure to and delivering on the growth potential of key emerging markets
 - Balancing our Blasting Solutions business with accelerated adoption of innovative blasting technologies and customer usage of more sustainable solutions, measured through growth in Orica's new Digital Solutions and Specialty Mining Chemicals segments, and
-

Performance conditions (for vesting of Rights)

continued

- Moving towards more progressive and sustainable commodities that are essential to a broader energy transition, including rebalancing our portfolio mix towards gold, copper, future-facing commodities and quarry and construction.

The outcome of the business sustainability metric will be determined by the Board at the end of the three-year vesting period considering our progress in each of the relevant areas against a set of challenging internal targets directly aligned to our long-term strategic plan. The Board's final vesting assessment and associated rationale will be clearly communicated to investors in the relevant Remuneration Report. With regard to what may be considered commercially sensitive information at the time of vesting, this will include how we have performed against the targets set.

Performance period and vesting

The Rights are subject to a three-year performance period commencing from the start of FY2025 (i.e. 1 October 2024).

Any Rights that do not vest following testing of the performance conditions at the end of the performance period (expected to occur following the announcement of full-year financial results for FY2027) will lapse.

Allocation of shares

Following testing of the applicable performance conditions and determination of the vesting level of the Rights, one fully-paid ordinary share in Orica will be allocated for each Right that vests.

In accordance with the terms of the LTIP, the Board also has discretion to settle vested Rights in cash.

EXPLANATORY NOTES TO SHAREHOLDERS

Trading restrictions

Shares allocated on the vesting of Rights will be subject to a post-vesting restriction on trading for a two-year period during which time the Managing Director will be restricted from dealing in those shares.

At the end of the restriction period, trading restrictions will cease to apply, and the Managing Director will be able to sell or otherwise deal with those shares, subject to complying with Orica's Securities Dealing Policy.

In certain exceptional circumstances, the Board may determine that applicable trading restrictions will cease to apply to all or a portion of, the Managing Director's shares prior to the end of the restriction period.

Cessation of employment

Cessation during the performance period

If the Managing Director resigns from the Group or is terminated for cause prior to Rights vesting, in general, his Rights lapse and he will have no further interest in the Rights.

Unless the Board determines otherwise, if employment ceases in other 'good leaver' circumstances (including retirement, mutual separation, death or ill-health), the Managing Director would retain the Rights on a pro-rata basis based on time served during the performance period, with the performance condition being tested at the end of the performance period to determine the number of Rights which may vest at this time (if any).

Shares allocated on the vesting of Rights will be subject to a post-vesting restriction on trading for a two-year period during which time the Managing Director will be restricted from dealing in those shares.

Cessation during restriction period

If the Managing Director ceases employment prior to the end of the restriction period, any shares held will continue to be subject to the original two-year post-vesting restriction on trading during which time the Managing Director will be restricted from dealing in those shares.

Price payable for the Rights

No amount will be payable by the Managing Director in respect of the grant or for the shares allocated on the vesting of the Rights.

Application of Malus Standard	<p>The terms of the LTIP contain the ability for the Board to apply Orica’s Malus Standard. The Standard provides the Board with the ability to reduce or lapse unvested awards in the case of:</p> <ul style="list-style-type: none"> (a) A material misstatement in financial results (b) Adverse outcomes or a performance calculation error that would have materially reduced the original assessment of performance (c) Behaviour that brings Orica into disrepute or has the potential to do so including a breach of Orica’s Code of Conduct (d) Serious misconduct by any participant, or (e) Any other circumstance, which the Board has determined in good faith.

Short-term incentive (STI) opportunity	<p>Target: 100% of FAR Maximum: 150% of FAR</p> <p>50% of any STI awarded will be paid in cash with the remaining 50% in the form of restricted shares</p>

EXPLANATORY NOTES TO SHAREHOLDERS

**Other
required
information
– ASX
Listing Rules**

The Managing Director is the only current Director of Orica entitled to participate in the LTIP. If any additional person(s) covered by ASX Listing Rule 10.14 become entitled to participate in the FY2025 LTIP, they will not be permitted to participate until further shareholder approval is obtained under that rule.

There is no loan scheme in relation to the grant of Rights under the LTIP.

The ASX Listing Rules require this Notice of Meeting to state the number and average price paid for securities received by Mr Gandhi under Orica's LTIP. A total of 751,032 performance Rights have been issued to Mr Gandhi under the LTIP at no cost to Mr Gandhi, in respect of prior year long-term incentives (70,629 performance Rights have lapsed after testing of performance conditions following the relevant financial year; the remainder have yet to vest).

Details of any securities issued under the LTIP will be published in the Company's annual report relating to the period in which they were issued, along with a statement that approval for the issue was obtained under ASX Listing Rule 10.14.

The Board (with Sanjeev Gandhi abstaining) recommends that shareholders vote in favour of this resolution.

Item 5 – Approval of potential leaving entitlements for Directors of Orica subsidiary entities (excluding KMP and Executive Committee members)

Part 2D.2 of the Corporations Act restricts the benefits that can be given to persons who hold or have held in the last three years, a managerial or executive office (as defined in the Corporations Act) in connection with the cessation of their employment or retirement from office with Orica or any of its related bodies corporate, unless shareholder approval is obtained or an exemption applies.

Approval is being sought in relation to potential leaving entitlements for Directors of Orica subsidiary entities to which the Corporations Act applies **excluding** key management personnel (KMP) and Executive Committee members (Subsidiary Directors).

Rationale for seeking approval

As a global business with subsidiaries and operations in many jurisdictions around the world, many Subsidiary Directors are employed outside Australia, where the local requirements, policies and practices in relation to leaving entitlements are very different to those of Australia. The approval sought will enable Orica to treat departing employees appropriately and in accordance with applicable laws, market practice and our remuneration policies. It also ensures employees are not disadvantaged by moving to different roles or operations or by fulfilling the role of a Subsidiary Director.

Persons the subject of the approval being sought

Approval is being sought in respect of any current or future Subsidiary Director, who either holds that role at the time of their cessation or held that role within three years prior to their cessation.

Approval is **not** being sought in relation to Orica's current KMP or Executive Committee members or anyone who is a KMP or member of the Executive Committee at the time of their cessation of employment, even if they are also a Director of an Orica subsidiary.

Benefits or entitlements for which approval is sought

Shareholder approval is being sought for the purposes of sections 200B and 200E of the Corporations Act for any 'termination benefits' that may be provided to a Subsidiary Director. Generally, these are benefits or entitlements that arise under:

- The relevant employment or service agreement
- Orica's incentive plans
- Defined contribution plans, defined benefit plans and other retirement plans, and
- Local laws, policies and practices.

EXPLANATORY NOTES TO SHAREHOLDERS

Potential leaving entitlements that may become payable and the discretions that may be exercised in respect of these are summarised in Appendix 1. This summary is not intended to provide an exhaustive list of every benefit that could become payable to a Subsidiary Director in every potential termination scenario and every jurisdiction, as part of the reason for seeking shareholder approval for this resolution is to preserve a degree of flexibility to determine the most appropriate leaving arrangements having regard to the relevant circumstances.

Shareholders are not being asked to approve any change or increase in the remuneration, benefits or entitlements for Subsidiary Directors, or any variations to the existing discretions of the Board or the People and Remuneration Committee. Shareholders are being asked to preserve the discretions available so that the most appropriate termination arrangement can be determined at the time of cessation.

Value of benefits or entitlements

The amount and value of the leaving entitlements that may be provided to a Subsidiary Director in accordance with this approval cannot be ascertained in advance; however, the manner in which the amount is to be calculated and any matters, events and circumstances that are likely to affect the calculation of the amount and value is set out in Appendix 1.

If shareholder approval is obtained, this will not guarantee that a Subsidiary Director will receive any termination benefits. Orica's purpose for seeking this shareholder approval is to facilitate the execution of Orica's remuneration policies and preserve the discretion of the Board, and the People and Remuneration Committee to determine the most appropriate termination package for the Subsidiary Director at the time cessation occurs.

Approval is sought for a three-year period

If approval is obtained, it will be effective from the date the resolution is passed until the conclusion of the 2027 AGM.

The Board recommends that shareholders vote in favour of this resolution.

Appendix 1 – Potential leaving entitlements being approved

To enable shareholders to meaningfully assess whether to approve resolution 5, the summary below outlines the key categories of potential termination benefits that may become payable to Subsidiary Directors based on Orica's current remuneration arrangements and the circumstances in which they may arise.

Potential leaving entitlements

Employment contract benefits

Subsidiary Directors are employed under agreements capable of termination by Orica or the Subsidiary Director on providing certain periods of notice, depending on the individual employment agreement, which do not exceed 12 months' notice by either party. A payment may be made in lieu of some or all of the notice period (calculated by reference to base salary and as applicable, superannuation, pension contributions payable and any other benefits under the employment agreement). Post-employment restraints may also be applied at Orica's election, in which case a payment may be required to enforce the restraint (e.g., in consideration of the departing individual confirming, extending or entering into appropriate restrictive covenants to protect Orica and its shareholders). The amount of such payment is governed by the individual's employment agreement and local regulations, policy or market practice, as well as Orica's policies and practices in the relevant jurisdiction.

Certain other benefits may continue to be provided for a period following cessation where the arrangements are provided for under the employment agreement. This could include, but is not limited to, relocation or repatriation benefits and outplacement services. Statutory payments and accrued contractual entitlements are also paid on cessation (e.g. days of leave accrued but not taken).

Additional benefits may also be payable in accordance with applicable policies, law, regulation or market practice, depending on the jurisdiction in which the Subsidiary Director is based at the time they cease employment or to hold office, and any changes in law that occur between the time the employment agreement is entered into and the cessation date.

EXPLANATORY NOTES TO SHAREHOLDERS

Incentive plans

The treatment of Subsidiary Directors' entitlements or awards under Orica incentive plans on cessation will depend on the circumstances in which their employment ceases and relevant terms of the offer. In general, awards will differentiate between 'good leaver' and 'bad leaver' scenarios. 'Good leavers' are typically those who cease employment due to death or disability, retirement, redundancy, by mutual agreement or other circumstances considered appropriate at the Board's discretion (e.g. expiry of a fixed-term contract). Termination for cause or resignation would typically be 'bad leaver' scenarios, whereby individuals generally forfeit all unvested equity awards and any entitlement to short-term incentives that have not yet been paid.

The Board has broad discretions under Orica incentive plan rules to apply a range of treatments for ceasing individuals, including to vest or lapse incentive awards (in part or in full) with effect from the cessation date or such other date determined by the Board; and to allow some or all of the awards to remain on foot and be eligible for vesting in the ordinary course.

The typical treatment for 'good leavers' is:

- Annual incentives that have not yet been paid or granted are delivered wholly in cash and may be subject to pro-rating where a Subsidiary Director has only served part of the performance period, and
- Unvested equity remains on foot and is pro-rated for the portion of the performance period (or vesting period for equity not subject to a performance condition) served by the Subsidiary Director. These awards are eligible for vesting in the ordinary course, subject to any applicable performance hurdles.

However, the Board retains discretion to apply a different treatment where appropriate in the circumstances (e.g. to accelerate vesting for equity, determine more than a pro-rata amount remains on foot, etc). Whether the Board exercises its discretion will depend on the particular circumstances of the cessation.

Shares acquired under the Orica General Employee Exempt Share Plan through salary contributions will be released on cessation in accordance with the plan rules.

Redundancy payments

Orica has plans and policies in place across its global business that provide for redundancy or severance payments in line with local market practice. Subsidiary Directors may be eligible for payments under these plans depending on the location in which they are based and the circumstances in which they cease employment.

Retirement benefits

Subsidiary Directors may also be entitled to retirement benefits. These typically include participation in a pension plan or superannuation scheme. The relevant Orica entity may make employer contributions to such plans and may also facilitate employee contributions through salary sacrifice arrangements. The contributions or entitlements may exceed the minimum statutory requirement.

Other benefits

Circumstances may arise from time to time where it will be appropriate for Orica to make small incidental payments to a departing Subsidiary Director, including allowing them to retain certain property following cessation (such as phones or other electronic devices) or making reasonable retirement gifts to recognise the contribution they made to the business. Approval is sought to grant such incidental benefits provided they are reasonable.

Similarly, there may be instances where Orica considers it appropriate to enter into arrangements with a departing Subsidiary Director in connection with their cessation that include payment in settlement of liabilities and the reimbursement of legal fees subject to appropriate conditions.

This approval is also intended to cover other payments or benefits that may be payable where a Subsidiary Director ceases to hold office or ceases employment and either the payment (and amount of such payment) is in accordance with the local regulations, policies or market practices, or is made pursuant to Orica's practices or policies in the relevant jurisdiction.

EXPLANATORY NOTES TO SHAREHOLDERS

Matters, events and circumstances that will or are likely to affect the calculation of the amount or value of potential leaving entitlements

The amount or value of potential leaving entitlements that may be given to Subsidiary Directors cannot be ascertained in advance. This is because various matters, events and circumstances will or are likely to affect the calculation of that amount or value, including:

- The circumstances in which the individual ceases to hold office or ceases employment and whether they serve all or part of any applicable notice period
- Their salary at the time of cessation of employment
- The length of their service and the portion of any relevant performance periods that have expired at the time of cessation
- Any change in the individual's role, such as a redeployment
- The number of unvested equity entitlements held by the individual at the time of cessation and the number determined to vest, lapse or remain on foot in accordance with the relevant plans
- The market price of Orica shares on the ASX when the value of any equity-based leaving entitlement or benefit is determined

NOTES RELATING TO VOTING

1. Voting entitlement

The Board has determined that a shareholder's voting entitlement at the Meeting will be taken to be the entitlement of that person shown in the register of members as at 7pm (Melbourne time) on Sunday, 15 December 2024.

As determined by the Chairman of the Meeting, each resolution set out in the Notice of Meeting will be decided on a poll.

2. Voting exclusion statements (ASX Listing Rules and Corporations Act) applicable to resolutions 3 and 4:

Resolution 3

The Company will disregard any votes cast on resolution 3:

- By or on behalf of a person who is a member of the Company's key management personnel (KMP) named in the Remuneration Report for the year ended 30 September 2024 and their closely related parties (regardless of the capacity in which the vote is cast), or
- As proxy by a person who is a member of the KMP on the date of the AGM and their closely related parties.

However, votes will not be disregarded if they are cast as proxy for a person entitled to vote on resolution 3:

- In accordance with a direction given to the proxy to vote on the resolution in that way, or
- By the Chairman of the Meeting, in accordance with an express authorisation from the person entitled to vote on the resolution to exercise the proxy even though the resolution is connected with the remuneration of the KMP.

The Company will disregard any votes on resolution 4:

 - > The holder votes on the resolution in accordance with directions given by the beneficiary to the holder, to vote in that way.

IMPORTANT: IF YOU APPOINT THE CHAIRMAN OF THE MEETING AS YOUR PROXY

If you appoint the Chairman of the Meeting as your proxy or the Chairman is appointed by default and you do not direct your proxy how to vote on resolutions 3 and 4, by completing and submitting the proxy form you will be expressly authorising the Chairman of the Meeting to exercise your proxy, even if the resolution is connected, directly or indirectly, with the remuneration of the KMP. The Chairman intends to vote undirected proxies in favour of all resolutions.

3. Voting exclusion statement applicable to resolution 5

If any shareholder is a current or potential holder of a managerial or executive office in a related body corporate of Orica (that is if they are, have been in the past three years or are likely to be appointed as a director of a related body corporate of Orica) and they wish to preserve their ability to receive benefits under this approval, then the shareholder and their associates should not vote on this resolution in any capacity.
