LITTLE ATHLETES RECEIVE NEW HIGH JUMP MAT COVERS

The Randwick Botany Little Athletics Centre, which has recently celebrated an impressive 50 years of activity, was a successful recipient in Round 2 of our 2018 Community Investment Program, receiving $4,500 for much-needed high jump mat covers. Tony Vecellio, Centre President said, “Orica has provided tremendous assistance for our little athletes over the years and this additional support has enabled us to update our high jump equipment which was desperately in need of an upgrade after use by the Centre and at many local school carnivals”.

We were delighted to be invited by the Centre to hold an information stall at their club meet on 3 November, providing local families an opportunity to ask about our remediation projects.

COMMUNITY MEETING – YOU’RE INVITED

Our next community meeting will be held on 20 November at Hillsdale Community Centre, 236 Bunnerong Road, Hillsdale from 5:30pm-7.30pm. Meetings are open to the public. Come along to hear an update on the progress of our remediation projects, including the export of hexachlorobenzene (HCB) waste for safe and permanent destruction, the clean-up of groundwater contamination, and our plans to divest land.

For further information on any of our projects, to share your feedback or to express interest in a site tour, please do not hesitate to contact us. Community Hotline for complaints enquiries and feedback: 1800 025 138 Write to us at: Community Matters, 16-20 Beauchamp Rd, Matraville 2036, or email botany.info@orica.com or visit our website: www.orica.com/Botany

We are the global leader in mining and civil blasting, with operations in more than 50 countries and customers in more than 100. For more than 70 years Orica and its predecessor, ICI Australia, had manufacturing operations at the Botany Industrial Park (BIP). We no longer have any chemical manufacturing activities at the BIP. At Botany we are focussed on safely cleaning up legacy soil and groundwater contamination.
